

## Four letter words

Each answer has 4 letters, but 3 of those letters are vowels.

**Question 1** A currency

---

**Question 2** A genus containing over 500 species of flowering succulent plants, some used in skin care products

---

**Question 3** A US state

---

**Question 4** Instead

---

**Question 5** Goodbye

---

**Question 6** The chief component of urine

---

**Question 7** A larval form of crabs and certain other crustaceans, characterised by thoracic appendages used for swimming

---

**Question 8** A man who is the lover of a girl

---

**Question 9** A US state (but not the one in Question 3!)

---

**Question 10** 9th letter of the Greek alphabet

---
